

Give your team purchasing power without giving up control.

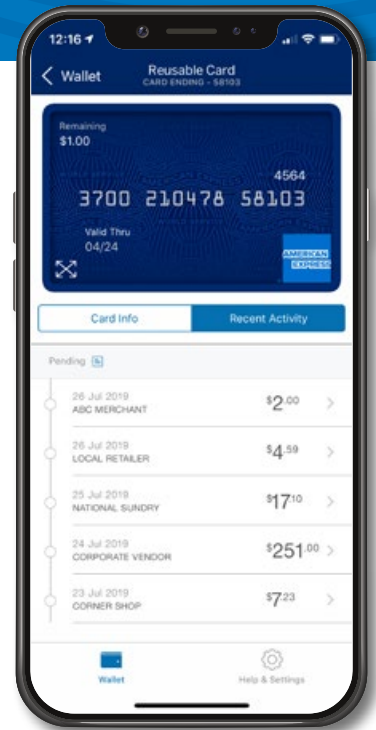

American Express Go™—a faster, more flexible way for your contractors, guests, recruits and even full-time employees to pay for taxis, meals or other on-the-go business expenses.

Think of the hassles you go through wrestling with cash advances and reimbursing out-of-pocket costs, while trying to manage and control that spending today. With American Express Go:

- You can quickly issue a Virtual Card—a specific-use, temporary Card number with spend and timeframe limits—to an app or on a reusable, plastic Card
- Employees can make purchases on the go, and you can easily track and reconcile the expenses

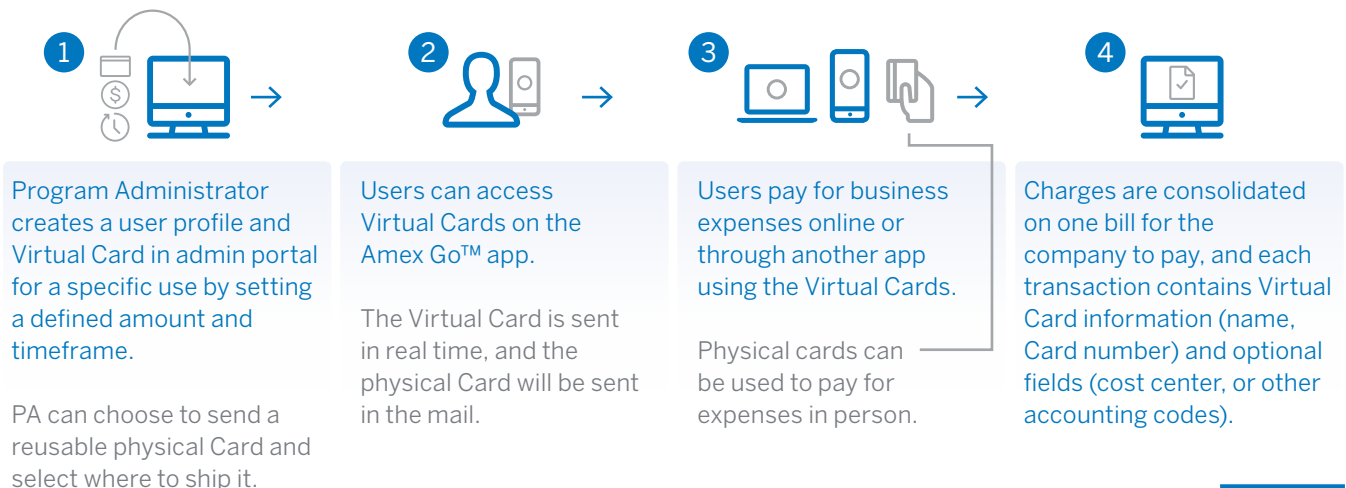

Examples of American Express Go uses include:

- Contractors can buy supplies
- Corporate guests can pay for incidentals
- Recruits can pay for dinner
- Employees can cover relocation costs

Managing spending is smoother with American Express Go.

It's an easy-to-manage, simple-to-use way to get control over on-the-go spending.

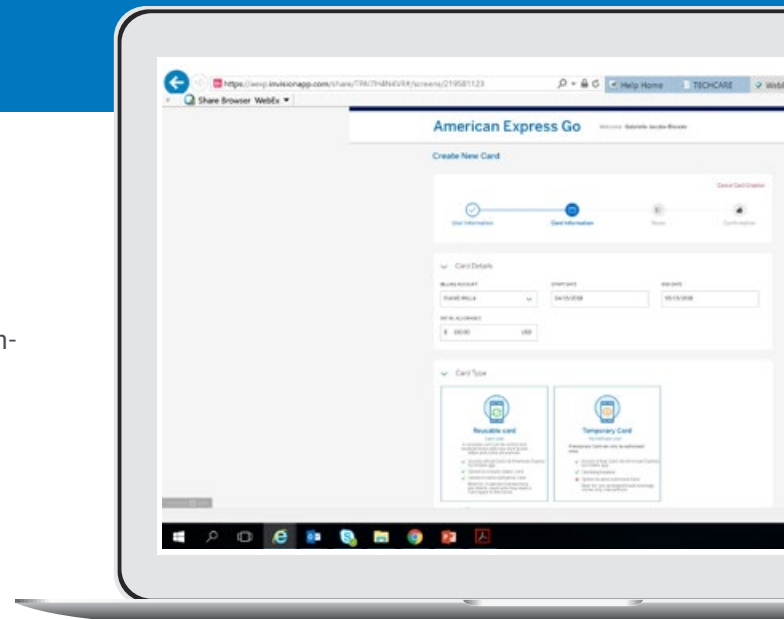

Your team doesn't have to worry
about paying out of pocket.
You don't have to worry
about reimbursement.

Set up Virtual Cards quickly. Make changes in real time. And help your team buy what they need now.

American Express Go can give you greater control of on-the-go purchases with spending and timeframe limits. And that's only the beginning.

You can also:

- Save time by eliminating the back-office hassles of reviewing expense forms and cutting checks.
- Make changes to spend limits, usage dates, etc. in real-time and reuse Cards to save time for you and your users.
- Simplify spending and give your infrequent travelers, recruits, and contingent workforce innovative tools that make work easier.
- Quickly reconcile each charge with important details like names, cost centers and accounting codes attached to each transaction.
