Infographic: 8 steps to cloud ERP success.

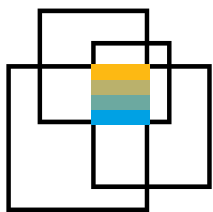

Comparing your cloud ERP options comes down to eight simple facts.

Download: [What's the SAP Business ByDesign Difference?](#)

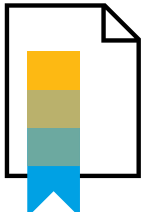

Hi Xxxx,

Selecting a cloud-based ERP solution is a big task for any organization—filled with questions, concerns and confusing information from a multitude of ERP providers.

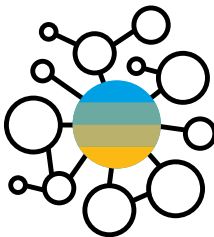

To help you make an informed decision, [check out this free infographic](#), which calls out eight, quick differences between SAP Business ByDesign and the rest of the field, such as:

It's one solution for your whole company, not a patchwork of add-ons.

There are no pricing tricks, just one set cost for the duration of the contract.

Scalability is standard, so it will grow with you without extra costs.

[Download the free infographic to see all eight reasons now.](#)

If you're considering any ERP solution, you owe it to your business to compare the functionality—as well as the costs and complexities—of your options to the one-solution, one-price simplicity of SAP Business ByDesign.
